- Pre-intermediate

Artificial Intelligence (AI) and Machine Learning (ML)

FOUNDATION PROGRAM

- AI Primer-ML, DL, Neural Networks
- Natural Language Processing Toolkit
- Machine Learning

SMART PROFESSIONAL

- Data Analysis with MS Excel
- Data Handling using T-SQL
- Managing Large Datasets with MongoDB
- Inferential Statistical Analysis
- Application Based Programming in Python
- Data Mining with WEKA
- Capstone project for Data Mining

- Cloud Computing / Platform
- Web Development Using Java
- Web Development
- Ethical Hacking
- Vidya Networking
- Security And Ethical Hacking Specalist
- Web Developer
- Project Certification

Full Stack Course

- HTML 5
- CSS 3
- UI/UX for Responsive Web Design
- Material UI
- DOM Manipulation iS
- ReactJS
- Frontend Web Development
- Distributed Version Control (Git and GitHub)
- MySQL
- Large Data Management
- NodeJS lected obje
- ExpressJS
- Server-side Development
- Building Modern Websites
- Building Full Stack Web Applications

~~Computer~~ IT Courses

- **Programming in C**

- **Programming in C++**

- **Programming in C#**

- **Data Structures in C**

- **Java Programming**

- **Python Programming**

- **Android App Development**

- **Data Management with SQL Server**

- **My SQL & PHP**

- **Enterprise Application Development (.NET)**

- **Enterprise Application Development (Java EE)**

- **Embedded Programming**

- **Software Testing using Selenium**
