Our Vision for Training and Technology

INNOVATE EDUCATE EMPOWER

At our organisation, we believe in Innovate, Educate, Empower it is the foundation of everything we do.

Innovate - We constantly innovate by adopting modern teaching practices, using updated tools, and bringing real industry knowledge into the classroom.

Educate - Through structured and practical education, we ensure every learner builds strong technical and problem-solving skills.

Empower - We empower students by guiding them through hands-on projects, mentoring them for career growth, and preparing them to succeed with confidence in today's competitive tech industry.

Founder & CEO

Ms. Anuja J. Patil Sakolkar

BE - Electronics & MBA - Finance

Ganishka Enterprises Gives me a Journey of Passion and Purpose with both Ganishka Academy & Ganishka Technology

As I reflect on my journey, I'm reminded that entrepreneurship is not just about building a business, but about creating a movement. My path with Ganishka Technology and Ganishka Academy has been a testament to this.

I have Worked with the education sector before entering my own business. My roots were in education, and my focus was on helping others. However, life had other plans. I realized that the traditional education system often left students lacking practical skills, and I wanted to bridge this gap.

With the support of my family and a clear vision, I took the leap. I started providing internships and practical training to students, and Ganishka Technology was born. Over the years, we've grown, collaborated with colleges, and impacted countless lives.

My philosophy is simple: business should be about more than just profit. It's about creating value, empowering people, and making a difference. I'm proud of our team's dedication and our commitment to providing quality education.

As a senior leader of Manikarnika Trade Association and member of WE Club, I'm passionate about giving back to the community. Empowering women and supporting underprivileged students is close to my heart.

Looking ahead, I'm excited about new initiatives and projects. My goal remains the same: to empower dreams and create a ripple effect of positive change.

Operation Head

Aditi Patil - Operation Head at GE
Education: BE (Information Technology)

Software Developer with 10 years of hands-on experience in Java, Spring, C++, SQL . Currently working as **Ganishka Enterprises Operations Head**. Along with industry expertise, I actively work as a Project Guide at **Ganishka Technology** for Internship projects on Java, Python, web technologies. I am also working as Programming language Tutor for **Ganishka Academy**, mentoring engineering students in Java, Spring Boot, DBMS, and software development best practices. We have also conducted free coding workshops under **Ganishka Enterprises Education Program** for kids, helping young learners develop early interest and confidence in programming. Skilled in designing scalable applications, leading teams as Functional Analyst and Team lead, and delivering high-quality solutions with strong communication and problem-solving abilities.

Our Staff

Hi, this is Anjali Yadav, Sales Coordinator at Ganishka Learn Tech.

Ganishka Academy and **Ganishka Technology** are our signature brands, well-known for delivering high-quality education, skill development, and career-oriented training programs. As a Sales Coordinator, I provide students with clear guidance, accurate course information, and a smooth, hassle-free admission process. My goal is to ensure that every learner feels confident, supported, and well-informed at every step of their educational journey. **Ganishka Learn Tech** is committed to introducing innovative learning programs that prepare students for real-world opportunities. We offer a positive, motivating, and student-friendly environment where learning becomes enjoyable and personal growth comes naturally. At **Ganishka Learn Tech**, we strongly believe in empowering every student with knowledge, confidence, and a promising future.

Come, learn with us — and build the career you dream of.

Anjali Yadav
Sales Co-ordinator

Rutuja Bhagat
Admin Co-ordinator

Hello, this is Rutuja Bhagat, Admin Coordinator at Ganishka Enterprises.

As an Admin Coordinator at **Ganishka Learn Tech** (our signature brand) , I oversee daily office operations and ensure that all administrative activities are carried out smoothly and efficiently. My responsibilities include managing documentation, maintaining organized records, supporting routine office tasks, and helping create a disciplined and productive work environment. I warmly greet and assist visitors, students, and staff with a friendly and professional approach. I handle incoming calls and direct them to the right departments while managing essential administrative duties such as data entry, filing, and document organization. Along with this, I address inquiries and provide accurate information about our training programs and services. I actively collaborate with team members to maintain seamless operations throughout the institute, ensuring a supportive, structured, and efficient environment from start to finish.

Expert Faculties

Adv. Nida Ahmed Tole
LL.B degree and is presently
pursuing her LL.M in Corporate Law.

I am Adv. Nida Ahmed Tole, an academician based in Navi Mumbai Panvel. I am actively engaged in teaching, training, and skill development, with a strong focus on practical and career-oriented learning. I work as an Academic Mentor, and Professional Skills Instructor, delivering both online and offline lectures for school, college, and professional-level students. All my professional training is carried out under Ganishka Enterprises. Under Ganishka Enterprises, and in association with the Municipal Corporation, I have successfully trained over 100 students in Tally under the Maha Kalyan Bal Vikas initiative. I actively conduct training programmes, workshops, and internship programmes in Tally, GST, and professional software tools. I have conducted a specialized Excel workshop for the GST Department, And delivered a comprehensive Excel training session at BHEL. My work also includes project guidance, academic mentoring, and professional skill

enhancement. My strengths include practical teaching, student mentoring, structured training delivery, and career-focused guidance. My mission is to empower learners through quality education, practical knowledge, and career-enhancing skills, through initiatives conducted under Ganishka Enterprises in association with the Mahila Baal Kalyan Department, Municipal Corporation.

I am Sapna Shejale, an M.E. graduate in Electronics with 10 years of experience in the software industry, having worked both as a Software Developer and a Software Trainer. I specialize in delivering industry-oriented training, mentoring students, and guiding them through end-to-end project development under Ganishka Academy (GA) and Ganishka Technology (GT). Currently, I work at Ganishka Enterprises as a Software Trainer, Project Guide, and Technical Mentor, where I focus on hands-on learning, real-world applications, and personalized technical guidance to help learners build strong and successful tech careers.

I have actively conducted workshops for students and college faculty, performed project reviews, and offered continuous technical mentorship across various academic and professional programs.

Sapna Shejale
Software Trainer & Technical Mentor
at Ganishka Enterprises

Smriti Singh
Trainer & UI/UX Designer

I am a certified trainer with 2 years of experience teaching and mentoring students in HTML5, CSS, UI/UX, Python, and SQL. I also have over 4 years of hands-on experience in UI/UX design, where I've learned to create practical, user-friendly interfaces and understand how people interact with digital products. I currently work with Ganishka Enterprises, helping learners understand UI/UX concepts, web technologies, and software development fundamentals. At Ganishka Technology, I guide internship projects, giving students real exposure to UI/UX workflows, frontend tools, and design thinking. At Ganishka Academy, I mentor engineering students and enjoy helping them grow confidence in their technical skills. I believe learning should be interactive, practical, and enjoyable not just theory from textbooks. I've also contributed to free design and coding workshops under the Ganishka Enterprises Education Program, encouraging young children to explore creativity, coding, and technology. I bring a calm mentoring style, strong communication skills, and a passion for UI/UX design. I love helping learners turn ideas into meaningful digital experience whether through wireframes, prototypes, or complete design solutions.

Expert Faculties

Mr. Anirudha Phadke

Empowering students at Ganishka Enterprises in the field of backend development has been a highly rewarding experience. As a Senior Backend Developer and Java Expert with 4 years of industry experience, I have had the opportunity to train students in Advanced Java, SQL, RESTful APIs, Spring Boot, and Hibernate.

I am truly impressed by the dedication and enthusiasm shown by the students and the team. The training is focused on building strong, industry-relevant skills, helping learners gain practical knowledge and confidence to excel in real-world software development and enhance their career opportunities.

– Aniruddha Phadke

At Ganishka Technology, I, Kalyani Dhodre, have had the privilege of empowering students through comprehensive training in Python, SQL, Power BI, Artificial Intelligence, and Machine Learning. With over 8 years of teaching experience in Information Technology, along with my professional background as a Software Testing Trainer, I consistently strive to bridge the gap between academic learning and industry requirements. I have also had the opportunity to teach employees from a US-based company, further enriching my experience with global industry standards.

It has been truly inspiring to witness the dedication, curiosity, and enthusiasm of the students. The training programs are thoughtfully designed to equip learners with practical, industry-relevant skills, enabling them to build strong foundations and significantly enhance their career opportunities in today's rapidly evolving technological landscape.

Ms. Kalyani Dhodre

"Empowering Students at Ganishka Enterprises in the field of Python, SQL, Power BI

I have had the opportunity to teach Python, Artificial Intelligence, Machine Learning, and SQL to the students at Ganishka Enterprises. I'm impressed with the team's dedication and enthusiasm. The training has been designed to equip students with industry-relevant skills, enhancing their career prospects.

- Harsh Shah

Mr. Harsh Shah

Our Designer's

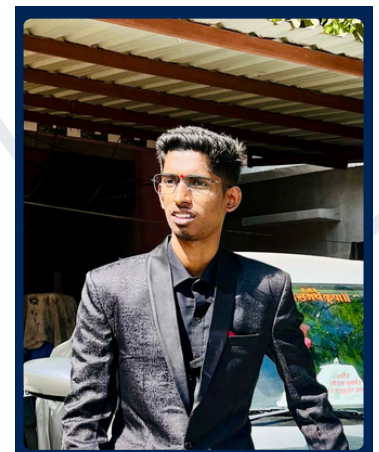

Prathviraj Patil
Website Developer

I had the opportunity to work with Ganishka Enterprises as their website developer, and the experience was truly enriching. Their clarity in communication and structured workflow made the entire process smooth and efficient. The team showcased strong professionalism and a deep commitment to quality at every stage. Their passion for empowering students through advanced IT learning solutions was inspiring to witness. I gained valuable insights into the effort they put into designing student-friendly processes and updated courses. Their openness to ideas and trust in my technical decisions encouraged genuine creativity. Collaboration with them always felt positive, focused, and goal-driven. Every interaction reflected their dedication to growth and continuous improvement. The project not only strengthened my technical skills but also expanded my perspective on educational technology. Working with Ganishka Enterprises was a rewarding experience I truly value.

Working with you has been amazing from start to finish. Creating your logos and supporting your digital marketing truly felt special. I'm grateful for the trust you placed in me, inspired by your vision, and proud of what we built together.

Every discussion, idea exchange, and feedback session made the process smooth and enjoyable. Your clarity, openness, and passion for your brand pushed me to deliver my best work. The creative freedom you provided allowed the designs and strategies to grow naturally and authentically.

Thank you for the seamless communication, mutual respect, and collaborative spirit throughout the journey. It's been a rewarding experience contributing to your growth, and I genuinely look forward to seeing your brand reach even greater heights. I'm truly glad to be a part of your journey and hope our paths cross again for more exciting projects ahead.

Swapnil Patil
Logo Designer

Minakshi Jundale
Graphic Designer

I had the pleasure of designing the brochure for Ganishka Enterprises, including its sub-divisions Ganishka Academy, Ganishka Technology, and Ganishka Learn Tech, and the experience was both rewarding and creatively fulfilling. From the beginning, the team shared a clear vision, which made translating their ideas into a cohesive and impactful visual narrative seamless. Balancing the distinct identity of each sub-brand while maintaining a unified brand language was an exciting creative challenge. The organization's strong commitment to education, technology, and skill development was clearly reflected in their content, and it was inspiring to visually represent their mission through structured layouts, thoughtful typography, and engaging design elements. The collaboration was smooth and respectful, supported by open communication and constructive feedback throughout the process. Their trust in my creative decisions

allowed me to explore design solutions that aligned perfectly with their goals while keeping the brochure professional, informative, and student-focused.

Working on this project strengthened my approach toward educational and tech-based branding and reinforced the value of collaboration built on clarity and mutual respect. I truly appreciate the opportunity to contribute to Ganishka Enterprises' brand presence and look forward to seeing their initiatives continue to grow.

ABOUT US — GANISHKA ACADEMY

Ganishka Academy is a professional skill-development institute dedicated to preparing students for successful careers in today's fast-growing digital world. We offer practical training in IT, technology, digital skills and communication, ensuring that every learner gains real-world knowledge and industry-ready expertise.

With experienced trainers, structured learning programs and hands-on internship support, we empower students to:

- Learn essential career skills

- Work on practical projects

- Become confident professionals

- Secure opportunities in their chosen fields

Our mission is to provide quality education, modern training tools, and professional certification that help learners build a strong and successful future.

WHY CHOOSE US?

At Ganishka Academy, we believe in preparing every learner for a confident and successful future. What makes us the right choice:

Expert Faculty

Qualified trainers with real-world experience

Updated & Industry-Relevant Curriculum

Courses designed to match current job requirements

Hands-On Learning Approach

Courses designed to match current job requirements

Personalized Guidance & Mentorship

Individual focus to support every learner's progress

Flexible Learning Modes

Online + Offline training options

Recognized Certification

Government registered, ISO certified institute with QR/Barcode verification

Career Support & Internships

Placement assistance and skill-building programs to ensure career growth

Celebrating Achievements – Convocation

Join us as we proudly celebrate the accomplishments of our learners at the Ganishka Academy Convocation Ceremony. This special event honors the dedication, discipline, and growth of every graduate. It marks a meaningful milestone as they step forward with confidence, ready to embrace new opportunities. Be part of this memorable moment and witness the rise of future leaders, creators, and innovators.

Reviews

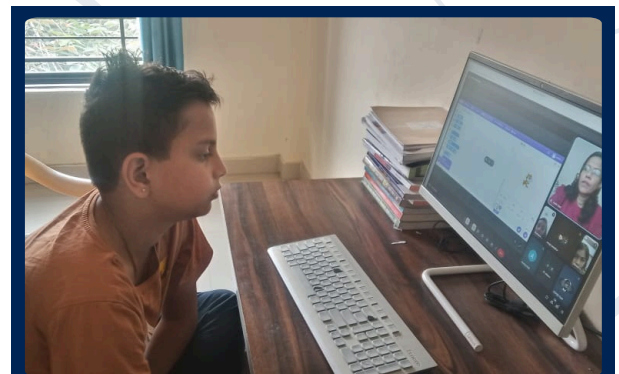

Divija Sakolkar
Kids Coding Student

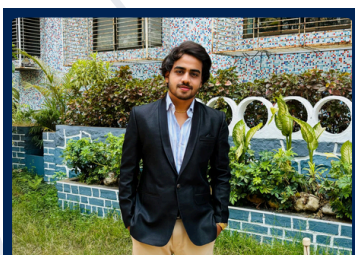

Coding at Ganishka Technology and Academy is super fun! I started with Scratch, and it was cool to make games and stories. I have attended 2 online sessions. It was super fun! I learnt how to drag blocks and make my own characters move around and tell stories. I thought coding was going to be really hard but they made it fun and easy to understand. Now, I'm learning HTML and CSS to build real websites, and it's so much better than just regular schoolwork! The teachers are really nice and explain everything so it's easy to understand. I learned a ton in just few sessions!

For the kids, today's Sunday started with the great opportunity to get connected with an interesting aspect of the computer which is coding and scratch. It was really an excellent experience for the kids to have a shallow swim in the deep ocean of the computer. Though it was a very basic learning experience for the kids, it was fair enough to give them the confidence to take a deep dive in this endless sea. Being a foodie, I would say that today the kids enjoyed only the starters, which enhanced their appetite for learning more in the form of the main course !

Thanks a ton to the Ganishka Enterprises, Ganishka Technology and Inner Wheel club Latur and the whole core team associated with today's webinar for a fantastic learning experience for our next "Pro version" of Gen Z! We are eagerly waiting for the announcement of the courses to be a beneficiary of your hardworking and dedicated team.

Student

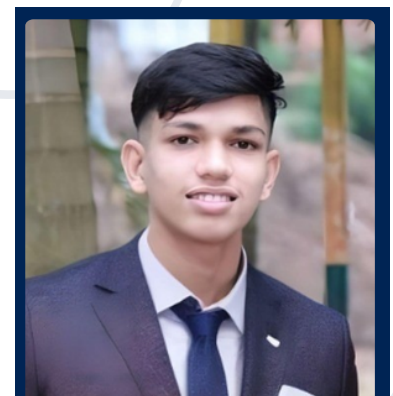

Rushikesh Vilas Bhilare
Student

Thanks to Ganishka Academy for enhancing my skills in Advanced Excel and Payroll. Special thanks to Adv. Nida Tole ma'am for her guidance and Ms. Anuja Patil ma'am for her invaluable mentorship.

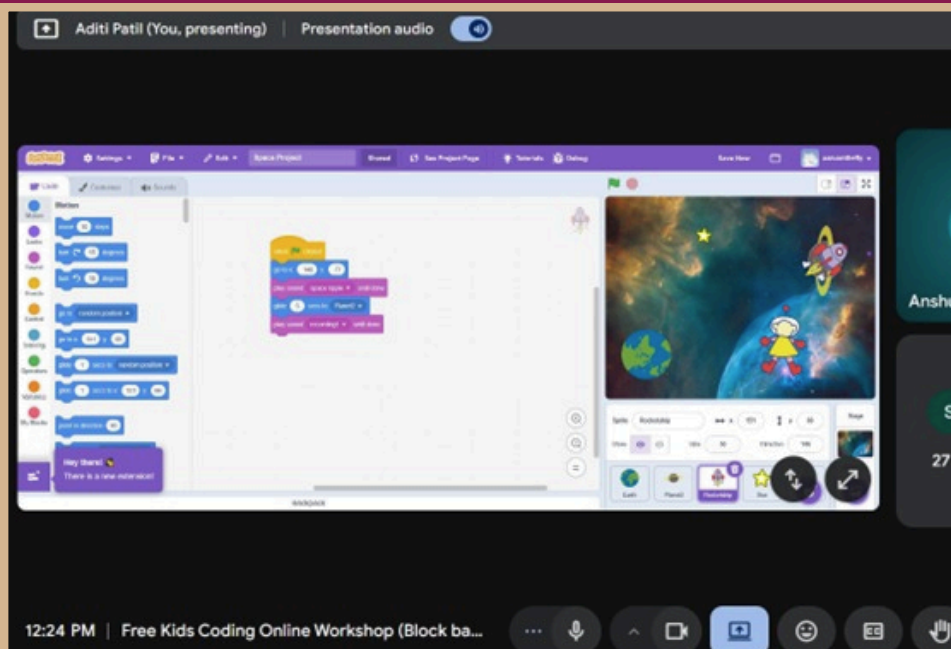

I successfully completed my Java Development course at Ganishka Academy from 1st January to 30th June 2024. During this period, I worked on real industry-level Java projects, focusing mainly on Core Java, Advanced Java, JDBC, SQL, and backend development. I contributed to feature development, code optimization, and improving the performance of Java-based modules. This course strengthened my Java fundamentals, enhanced my problem-solving skills, and gave me hands-on experience with real-world software development workflows. I'm grateful for the opportunity and excited to continue building impactful Java projects.

Reviews

Gayatri Girish Byale
Student

My name is Gayatri Girish Byale, a third-year Computer Science Engineering student from M.S. Bidve Engineering College, Latur. I am an active member of the Google Developer Student Clubs (GDSC) and regularly participate in various AI-focused events, workshops, and technical sessions. I have a strong and growing interest in Artificial Intelligence, and I am always trying, exploring, and thinking of new ideas, staying in a continuous learning phase. I consider myself both a good speaker and a good listener, skills that help me communicate confidently while understanding deeply from others. I am currently busy exploring the world of AI, with a special passion for prompt engineering and AI tools, where I enjoy understanding how prompts can create intelligent, creative, and meaningful outputs. I am also a public speaker, guiding my juniors in coding, development, and exploring new technologies. With this enthusiasm, curiosity, and dedication, I joined GT Technology, for a three-month internship as a Web Development Intern, an experience that shaped my learning journey in a powerful way.

Rajeshree Rathod
Student

From Career Gap to Business Woman!

Hello friends, My name is Rajeshree Rathod. I have completed Msc.Ded from Pune University

A heartfelt thank you to Mrs. Anuja Sakolkar (Patil) mam, Director of Aptech Learning Center, Panvel!

Coming from a non-IT background after a long career break, I lacked confidence. But Anuja Ma'am recognized my potential and motivated me every step of the way.

Thanks to her guidance through the Web Design and Commercial Computer courses, I am now working part-time as an HR and Purchase Head at Yagyakaay Construction LLP and also successfully running my own work-from-home business at The forever living products international !

She didn't just provide a job opportunity—she shaped me into a business woman. I am truly grateful!

Seraj Hussain
Student

I am sincerely grateful for the opportunity to work as a Java Developer Intern at Ganishka Technologies. This enriching experience has significantly contributed to my professional growth, allowing me to deepen my technical skills and gain valuable industry exposure.

I want to extend my heartfelt thanks to Mrs. Anuja Sakolkar Patil for her continuous support, mentorship, and encouragement throughout my internship.

I am also truly appreciative of Mrs. Aditi for sharing her valuable knowledge and experience. Her insights have helped me grow both technically and professionally.

Thank you once again for this wonderful experience.

WHAT PEOPLE THINK ABOUT US

Mr. Jagdish Patil

Me, Mr. Jagdish Patil a B. Tech petrochemical engineer working with I G Petrochemicals Ltd as Deputy Manager having 17 years of experience in petrochemical industry. Ganishka enterprises, one of the best institutions in Navi Mumbai and growing fastly towards being the best. As we see their journey, they will achieve this soon undoubtedly. Their ability to adapt and adjust teaching strategies to meet the changing needs of students is very impressive. Their unique way of encouragement to motivate students to strive for excellence make them apart from other institutions. I see your passion for the women empowerment which is already proven in various projects and levels and inspiring others too. Achieving various awards in such a short span is the token of team's success. Students, parents satisfaction and faith in your team should be the achievement which is really admirable. Counselling to the students and parents till achieving their goal shows your personal attention to them and dedication which is

seen rarely. The way team hold all students to a high standard is impressive. It shows your belief that everyone in your classroom can become better and better. Your involvement in the social activities shows your willingness to do something for the society which is very impactful. Ms. Anuja Patil, Your restless efforts, leadership, administrative skills, thinking out of the box, vision beyond the horizon will definitely take the institute to another level.

I wish you and your team all the best for your bright future.

Mr. Raahul Trivedi

Hi, My name's Raahul Trivedi and I'm a Software Engineer, Technical Trainer and Public Speaker with an experience of over 5 years in the software development and training domain. Currently I'm working with Chitkara University and handling their placements related trainings and their projects. I had landed in the training industry to bridge this huge gap between academics (where you're taught to fight with a sword), and the software industry (a place which expects you to fight with nuclear weapons), but all I found was money hungry greedy humans in this business until I found Mrs Anuja Patil, her brainchild - Ganishka Academy and Ganishka Technology! Straight away I joined them, and trust me, in this tenure of 2 years, I've got the liberty and freedom from Anuja ma'am, to manage and lead amazing teams, guide sweet students, and train some really passionate people, with a placement percentage of 80%. All I'd say is - these guys believe in giving more than what they charge for in a course, and the

support as opposed to online platforms, is actively going to be there throughout your journey! I'd wish them all the best for their future endeavours, and for bringing about a storm of change in the training industry! Signing Off! - Raahul

Mr. Pratham Dhas

I am Pratham Dhas, an entrepreneur and technology professional actively involved in building and delivering industry-oriented digital and AI-driven solutions. I appreciate the structured learning approach, technical depth, and outcome-focused training delivered by Ganishka Learn Tech.

What stands out is the institute's strong emphasis on practical exposure, real-world problem solving, and industry-relevant skill development. The faculty adopts a learner-centric methodology that not only strengthens core concepts but also ensures students gain hands-on experience with modern tools and technologies aligned with current market demands.

The leadership team demonstrates a clear educational vision with a consistent focus on quality, innovation, and student outcomes. Over time, Ganishka Learn Tech has shown steady growth in curriculum relevance, infrastructure, and training

effectiveness, which is clearly reflected in learner confidence and placement readiness.

Overall, Ganishka Learn Tech represents a culture of professionalism, continuous improvement, and skill-driven education. It plays a meaningful role in bridging the gap between academic learning and industry expectations, making it a reliable and impactful learning partner for aspiring professionals.

WHAT PEOPLE THINK ABOUT US

Mr. Awkash O. Sakolkar

With 2 decades experience in the Real Estate and Construction industry, I know that success is built on a foundation of practical skills. I am immensely proud to support Ms. Anuja Sakolkar and her brainchild, Ganishka Academy. Breaking away from the traditional 9-to-6 mindset, Anuja has created a platform that fills the gap in our education system through intensive skill development. By mastering industry-relevant software's learning and implementation at Ganishka Academy, students aren't just gaining certificates—they are gaining the power to choose their career paths and achieve financial independence.

Ganishka Academy is a pioneer in Panvel and Mumbai, and I have no doubt that its unique approach will soon empower students across the entire country. Profound wishes to Anuja on this remarkable journey!

Ms. Mohini Poojary

I am Mohini Poojary, Director of Stayfine Multiventure Pvt. Ltd. (Brand: Nari Protect), Thane—Mumbai. It gives me great pleasure to acknowledge and appreciate the commendable work carried out by Ganishka Enterprises in the field of women empowerment. Your dedication to uplifting women, the clarity of your training, and your commitment to ensuring every participant's growth reflect a high level of professionalism and social responsibility. At Stayfine Multiventure, we too are deeply committed to women's empowerment—this year, we organized a special Haldi Kumkum program on the occasion of International Women's Day, where we celebrated the spirit of womanhood, shared awareness on menstrual health, and recognized the achievements of women from all walks of life. Moments like these, and initiatives like yours, play a crucial role in strengthening our community and advancing our shared

mission. Wishing you—Ms. Anuja Jagdish Patil, Founder of Ganishka Enterprises—and your team continued growth, impact, and success. May your work keep inspiring positive change in society.

Warm regards from Mohini Poojary, Founder & Director of Stayfine Multiventure Pvt. Ltd., Thane—Mumbai, Maharashtra.

Mr. Bhavesh Mehta

This is Bhavesh Mehta IGBC Fellow , core committee member of IGBC Mumbai Chapter and Vice president Asawa Insulation Navi Mumbai MH .

I always feel proud associating with Team Ganishka . My first meeting with Ms Anuja is real accidental at one college in Navi Mumbai . We jointly planted tree on “ Green building week ” celebration . We always believe in the concept of sustainability and Green built environment.

She is very humble and result oriented woman with extra ordinary talent . I wish her all the best for his vibrant future and always wish to support her in achieving pre-determined targets.

WHAT PEOPLE THINK ABOUT US

Ms. Deepa Maknikar

Ganishka Technology began with a clear mission: to empower students with real-world technical skills and provide them with opportunities that genuinely transform their careers. What distinguishes their journey is the ability to evolve continuously according to industry trends, technological advancements, and employer expectations.

Their transformation from a small training initiative into a recognized technology institute didn't happen overnight—it came through consistent hard work, focus on operational excellence, and commitment to nurturing student potential. Today, Ganishka Technology stands as a trusted name, known for its discipline, reliability, and high standards of IT training and delivery.

Dr. Rohini Bhosale - Jadhav

I am Dr. Rohini Bhosale-Jadhav working as Assistant Professor in Dwarkadas J. Sanghavi College of Engineering, Mumbai. I have 18 years of teaching experience. As a professional from the teaching field, I truly admire the dedication, qualifications, and technical expertise of the faculty at Ganishka Technologies. The instructors consistently adopt a learner-centric approach, ensuring strong conceptual foundations along with hands-on exposure to industry-relevant tools and technologies. Special appreciation to founder and owner Mrs. Anuja Patil for her visionary leadership, academic insight, and continuous focus on quality enhancement.

Over the past 3 years, the center has demonstrated notable growth in technical curriculum alignment, infrastructure, faculty development, and student outcomes. The emphasis on practical learning, certifications, and real-

world problem-solving truly stands out. Overall, Ganishka Technologies reflects a culture of professionalism, innovation, and sustainable academic excellence driven by a clear educational vision.

Ms. Samruddhi Vijay Patil

I'm Samruddhi Vijay Patil, Designated Partner and Co-founder of Magical Charmant LLP - DPIIT recognized Startup India entity. We have expertise in personal, stage shows and award events. Our USP is pocket friendly and dreams come true events planning, designing and execution.

I have been knowing Anuja Patil Sakolkar, past 2 years. Have seen her growing in her expertise sector and also letting others grow with her. Her understanding for students and delivering optimum knowledge and academic experience is her result of her extended wings - Ganishka Technology.

Her dedication towards her work shows, She is one of the passionate entrepreneurs and good aim to achieve her all goals.

We wish Ganishka Technology and Anuja Patil Sakolkar a good and bright future.

WHAT PEOPLE THINK ABOUT US

Ms. Priyanka Ayare

I am Priyanka Ayare, Dy collector at Woman and Child Development Department, Mantralaya Mumbai. It gives me great pleasure to acknowledge and appreciate the commendable work carried out by Ganishka Enterprises for “Free Tally Course for Women Empowerment” initiative. This project has proven to be a valuable step towards enhancing digital and financial literacy among women, enabling them to become more confident, skilled, and self-reliant.

The dedication shown in planning and delivering the training sessions, the clarity of instruction, and the commitment to ensuring every participant understood the concepts reflect a high level of professionalism and social responsibility. Such efforts play a crucial role in strengthening our community and supporting the government's ongoing mission toward women

empowerment and skill development. Wishing you continued success in all future endeavours, and may your work keep inspiring positive change in society. Wishing Ms. Anuja Jagdish Patil – Founder of GE and team continued success in all future endeavours, and may your work keep inspiring positive change in society.

Dr. Sujata Sharma

Hello, I am Dr. Sujata Sharma, Professor & Head – Division of Paediatric Hematology Oncology and Bone Marrow Transplant at Lokmanya Tilak Municipal Medical College, Sion, Mumbai.

I would like to share my thoughts on Ganishka Enterprises and Technology. It is a pioneering organization dedicated to empowering women and college students through accessible and innovative computer education. Their programs help bridge the digital divide, build confidence, and equip individuals with in-demand skills.

By focusing on skill development and inclusivity, they are creating meaningful opportunities and shaping a more tech-enabled future.

My best regards for their future endeavours.

Ms. Vaishnavi Kadam

From the Desk of Vaishnavi Kadam, Founder of VK's Digital Consultancy, New Panvel, with over 9 years of experience in digital marketing, I have had the opportunity to work with various brands and educational institutions to drive digital growth. I am honored to have conducted the first podcast interview of Mrs. Anuja Patil and share a strong professional bond with her built on trust and inspiration. Ganishka Technologies stands out as a vision-driven institute focused on complete career development, combining skill-building, confidence, and industry readiness through practical learning, certifications, and career support. Under the leadership of Mrs. Anuja Patil, the institute has earned trust and recognition for its commitment to quality education, women empowerment, and social impact. With its continuous growth and dedication, Ganishka Technologies is truly shaping the future of technical education.

Placement Reviews

PLACEMENT FEEDBACK

I would like to express my sincere appreciation to Ganishka Enterprises (Aptech Panvel) for their excellent training and support. The institute provides a very positive learning environment, and the staff are always helpful and encouraging.

A special thanks to Trainer (Faculty) Nida Ma'am for her dedicated teaching and clear explanation of Advanced Excel, Tally ERP, and Tally Prime. Her practical approach and patient guidance made it easy to understand even the toughest topics.

I'm also very thankful to the Founder & CEO Ganishka Technology (Under Ganishka Enterprises) for helping me get a job after completing my course. It has truly been a valuable and career-changing experience.

Overall, I'm very happy with the training, staff, and placement support provided. Highly recommended

I came to know about Ganishka Enterprises through my friends moms WhatsApp status. I contacted them and the founder Anuja patil mam really motivated me about becoming self dependent and how useful this course is. The class environment is very positive the staff is friendly and they help with every problem respectfully. I completed the basic to advanced tally course and the faculty explained every concept clearly with personal attention. Great experience overall!!!!

I had a fantastic experience working with Ganishka Technology. Their team is highly professional, technically skilled, and always committed to delivering quality results on time. They took the time to understand our requirements in detail and provided innovative solutions tailored to our needs. The communication throughout the project was seamless, and their support post-delivery was exceptional. I highly recommend Ganishka Technology to anyone looking for reliable and efficient IT services. Truly a company that values excellence and client satisfaction!

मी Ganishka Enterprises मध्ये बेसिक ते अॅडव्हान्स टॅली कोर्स पूर्ण केला. ह्या कोर्सबद्दल मला रेशमा मॅडम यांनी सांगितले होते की महापालिकेमार्फत महिलांसाठी हा कोर्स फ्री दिला जातो, हे ऐकून मी लगेचच नाव नोंदवले.

ह्या कोर्समध्ये आम्हाला founder अनुजा पाटील साकोळकर मॅडम यांनी उत्कृष्ट मार्गदर्शन दिलं. त्यांचे मार्गदर्शन खूपच उपयुक्त ठरले. तसंच, निदा मॅडम यांनी आम्हाला टॅली अतिशय सोप्या व प्रभावी पद्धतीने शिकवले. त्यांचे शिकवण्याचे कौशल्य खूपच उत्तम आहे आणि त्यांच्यामुळे आम्हाला आत्मविश्वास प्राप्त झाला.

सर्वात विशेष म्हणजे, कोर्स पूर्ण केल्यावर अनुजा पाटील मॅडम, ह्या संस्थेच्या संस्थापकांनी मला Ganishka Enterprises येथे नोकरीची संधी दिली, आणि आज मी तिथे नोकरी करत आहे. यासाठी मी त्यांची मनापासून आभारी आहे.

Ganishka Enterprises चं वातावरण खूपच सकारात्मक व सहयोगी आहे. इथे शिकण्याचा अनुभव खूप छान होता.

मी Basic to Advanced Tally या कोर्सबद्दल माझ्या आत्या कडून समजलं की, महानगरपालिकेच्या वतीने Ganishka Enterprise कडून हा फक्त महिलांसाठी मोफत राबवला जातो.

सौ. अनुजा पाटील साकोळकर मॅडम यांनी कोर्सची माहिती खूप उत्तम दिली. Trainer Adv. निदा टोले मॅडम यांनी टॉपिक्स अगदी सोप्या भाषेत शिकवले आणि भरपूर प्रॅक्टिस करून दिली.

Anjali Madam यांनी वेळेचं उत्तम नियोजन केलं.

मी Ganishka Enterprise, त्यांच्या staff व
